Experienced and multidisciplinary Senior Software Engineer with over a decade of expertise in cloud-native architecture, cybersecurity, DevOps, and scalable distributed systems. Former Engineering Manager with a strong track record of driving impactful initiatives across Microsoft Defender for Cloud, Defender for IoT, and Microsoft Security Research (MSecR). Played a key role in the successful post-acquisition integration of three startups into Microsoft's cloud ecosystem. Combines enterprise-scale innovation with startup agility, hands-on experience scaling teams, delivering technical training, and fostering mentorship.

Professional Experience

Microsoft

Leading and working in a variety of different roles across multiple disciplines, both as an individual contributor, technical leader and as a manager.

2019 - Today

April 23 - Present

Senior Software Engineer at Defender for Cloud
Led Microsoft Defender CNAPP across Azure Cloud and Microsoft XDR

Skills: .NET, Python, Azure Cloud, Kubernetes, Technical Leadership, AI

Jan 24 - Present

Engineering Excellence Trainer at ILDC CTO Office
Designed and trained a variety of courses for a large number of talented engineers.

- Hands-on Azure Development
- Mastering Dev Containers

Skills: Employee Training, Public Speaking, Azure Cloud, Docker

Sep 24 - Mar 25

Senior Software Engineer at Microsoft Security Research
Led and managed a small team to deliver Microsoft Security Research - Defender for Cloud MVP of a cross platform incubation team.

Skills: Technical Leadership, Python, Azure Cloud, Kubernetes, AI

Jul 22 - Apr 23

Senior Software Engineering Manager at Microsoft Defender for IoT
Led an incubation team focused on OT/IoT/BMS security, delivering multiple proof-of-concept projects that progressed to Public Preview

Skills: Technical Leadership, Management, .NET, Python, C, Docker, Network Protocols, Azure Cloud

Feb 22 - Sep 22

Senior Software Engineer at Defender for IoT

- Microsoft Edge Security - Incorporated ReFirm Labs (binwalk), an acquired company, into Microsoft.
- Led backend development of key features bridging on-prem and cloud environments for network sensors

Skills: .NET, Azure Cloud, Kubernetes, Networking, Post-Acquisition Integration

Mar 20 - Feb 22

Software Engineer II at Defender for IoT
Led backend and embedded security development across on-prem and cloud platforms. Integrating acquired technologies (CyberX, Express Logic) into Microsoft Cloud.

Skills: C, Azure RTOS, Threadx, .NET, Python, JavaScript, Azure Cloud, Java

Jul 19 - Mar 20

Software Engineer at Defender for IoT
Developed Azure IoT Security Modules, Agents and tools

Skills: C, C#, Golang, Python, TPM, Azure SDKs, Embedded, Linux internals

2017 - 2019

Backend Software Engineer at KYC Station
As the first engineer, designed and built a production-grade SaaS platform end-to-end, including architecture, CI/CD, and cloud infrastructure.

Skills: Kubernetes, Google Cloud Platform, Python, Node.js, Databases, Redis, ElasticSearch

2016 - 2017

Backend Software Engineer at Credorax
Designed and developed backend features for payment processing systems, ensuring scalability and compliance.

Skills: Java, Spring, Maven, RabbitMQ, Databases, Linux

2016 - 2017

Teaching Assistant at The Hebrew University of Jerusalem
Operating Systems (C/C++), Internet Technologies (HTML, CSS, JavaScript, Node.js) courses.

2008 - 2013 **Freelance website and software developer**

Education

2023 **Excellence Trainer at ILDC CTO Office, Microsoft**

2013 - 2017 **B.Sc in Computer Science at the Hebrew University of Jerusalem**

- Expanded program

2012 - 2013 **Preparatory program at the Technion – Israel Institute of Technology, Haifa**

- Mathematics, Physics, English and Scientific Writing

2008 **Physical fitness and health instructors course - Wingate Institute, Netanya**

Additional Activities

Open Source Contributor -

- Elasticsearch-dsl-py, azd, Azure RTOS, Azure
- StackoverFlow contributor member

2008 - 2016 **Physical fitness and health (gym) instructor at Bat Hefer Gym**

2008 - 2011 **Mandatory service in the Ordnance Corps, IDF**

Languages

Hebrew: native, **Spanish**: native, **English**: proficient
